(Verse)

Late night, wake up
Iâ€™m sick, Iâ€™m stuck
Youâ€™re here, so near
Your dream â€“ my fear
Your love, my loss
Your dime â€“ my cost
My fate, your hands
My life, your brand

(Pre-Chorus)

Living my life in spite like you
This is the best that I can do
Nothing left for me to prove
I give it all to you

(Chorus)

Nothingâ€™s what we made it
And weâ€™re living like we hate it
I have given all I can
But I canâ€™t anymore
Freedom, I can taste it
And the truth, I need to face it
Iâ€™ve always been dedicated
But I canâ€™t anymore

(Bridge)

Oh you know I love this kind of place yea
And no matter what youâ€™re still my lady
Oh oh oh oh oh oh
I know youâ€™re fienin up here weekly lately
Ah boy youâ€™ll find a stretch, youâ€™ll never leave me
Oh oh oh oh oh oh

(Verse)

When you woke me up and you give me the sweetest
wind up
Take someone to loving, if you be young to time uh
Yea, I figured why I was so blind now
Even though your hurt was under surface and me
ignored your signs girl

(Verse)

Limbered and teared up, can't leave me like this
Just give me a chance for me to right this
Girl I know you live my love despite this
Cannot let you go, I got to fight for this

(Chorus)

Nothing's what we made it
And we're living like we hate it
I have given all I can
But I can't anymore
Freedom, I can taste it
And the truth, I need to face it
I've always been dedicated
But I can't anymore

(Bridge)

It's not right 'cause you're saying this
I wasn't born to serve you
I was born to love

(Verse)

Your house, your rules
Keep calm, keep cool
Tip toe, steer clear
Your mask, I wear
Your wants, my needs
Loaded, good deeds
Your frown, my smile
You're up, I'm down

(Pre-Chorus)

Living my life in spite like you
This is the best that I can do
Nothing left for me to prove
I give it all to you

(Chorus)

Nothing's what we made it
And we're living like we hate it
I have given all I can
But I can't anymore
Freedom, I can taste it
And the truth, I need to face it
I've always been dedicated
But I can't anymore

Anymore...

Baby, and you get the reason

Baby, and you get the reason
Baby, and you get the reason
Never let it sit so long mandita
