(Intro)

Dear, just scare me

My mom's away, your either can't scare me

So just scare me

My mom's away, your either can't scare me

Hear my appeal

Major Lazer! (Verse)

If my mother ever see she'd be dead

They know me baby with ya, off every little led

We got outer doors, sleeping after bed

My polar bear style, come edom to zed(Verse)

I bet you have something to tweet, the way oh you suck

You have to send a tweet, 3 up when we bunk

A lady in the sheets with the poor slide chuck

You know me love seeds, you see it(Verse)

I'm about to send me clear,

Make this thing sound like Usher & Nina "so sweet"

I can make the latter rear

Straight to it, come be where I go

Oh just ah I go(Verse)

Wo oh oh oh

You punch with me man, we done sittin there

Infinite like with mind without sittin there

And low boy make one bad without sittin there

Woah, just sittin there

Woah, just sittin there

Now something here is so special

I keep think it walks on amoror

You think the jump on dance like carnival

Yet now we walk on bite like no carnival(Verse)

So give me, give me hard

Give me, give me, sweet

Give me, give me right enough to make it on the street

Me a bad liar but men are quiet clear

Give me give me give me

With the heels on the feet(Chorus)

Just scare me

My mom's away, your either can't scare me

So just scare me

My mom's away, your either can't scare me(Verse)

Wrap around my salt lick and you feel my pepper spray

Hey! can't get away (no!) can't get away
Now we're stuck together hot metal drippin solder
Bangin on my ovaries and bustin my pinata
Feel your wiki leak, I can feel your wiki leak
Feel your wiki leak, I can feel your wiki leak
Feel your wiki leak, I can feel your wiki STOP
Chewing on your buttock and I half it like a murder
Go creepy. go hard! (Go go go)
Go creepy. go hard! (Go go go)
Go creepy. go hard! (Go go go)
Cum creepy cum hard (Go go go) major lazer
Dracula, Frankenstein, Wolf Man, Invisible Man, And
Hercules
Your skin (?)
Go! Go! Go! Go! Go!
Go! Go! Go! Go! Go!
Go! Go! Go! Go! Go!
Go! Go! Go! Go! Go! (Chorus x2)
Just scare me
My mom's away, your either can't scare me
So just scare me
My mom's away, your either can't scare me
