You're no good for me
But the way you movin at me, oh it might be
You want a Jamaican one

She say she love me and I'm nice
Nothing after he return, nothing at the night
She say it's loving, make this down
No time at all, she don't wanna line
She touch me, it all become nice
She love me, for the rest of her life
D drop it down, round kiss on mi spine
Touch and make a sweet song, on top of all things

My uh uh uh uh uh
My ee ee ee ee ee
My uh uh uh uh uh (my baby)
My ee ee ee ee ee

My aa aa aa aa me
My melodea
My L L L LSD
I know you'll come back around
My aa aa aa aa me
My melodea
My L L L LSD
You want a Jamaican one
I know you'll come back around

If I had you back
I'll never let you go another way
Not for the life of me
How could you imagine that?
Well my mistake that send you on your way
Well nothing I can say
To you like drops of water
Don't ask me what went wrong
Can't turn back the damage I've done
Can't take em back after I'm gone
A fool to keep on trying
Can't make me walk away
Cause baby I'm back and as I'm getting

strung that youâ€™™ ll be back one day

My aa aa aa aa me

My melodea

My L L L LSD

I know youâ€™™ ll come back around

My aa aa aa aa me

You want a Jamaican boy

I know youâ€™™ ll come back around

Girl you think you love me baby

And you know so mi love is for my lady

Deserve no faith to deserve no Slim Shady

Go Shawty, itâ€™™ s yo birthday

No if and no maybe

Take and attack it, youâ€™™ re the thing, ordinary

Me as boyfriend, girl come on and come save me

Me and youâ€™™ re tinkin me, com e with me

Surely inside the long shorty

Til it wind, pan the flow and wind, pan the flow

And if you want to get girls that do me

Come here, lick it more, lick it more

Mean everything, as I me love you

So no one kill how I ever want

Any time, get chug upon the doorway

Man rest assured, pan the girl next door

Oh yes I did did

My uh uh uh uh uh

My melodea

My ee ee ee ee ee

I know youâ€™™ ll come back around

My uh uh uh uh uh

My melodea

I know youâ€™™ ll come back around now

Youâ€™™ re no good for me

But the way you movin at me, oh it might be

No one ever made me feel so sweet

Now you got me begging on my knees

Baby get it for me

Itâ€™™ s for your eyes only, living for you solely

Itâ€™™ s for your eyes only, living for you solely

Itâ€™™ s for your eyes only, living for you solely

Itâ€™™ s for your eyes only, living for you solely

Itâ€™™ s for your eyes only, living for you solely

Itâ€™™ s for your eyes only, living for you solely

Itâ€™s for your eyes only, living for you solely
Itâ€™s for your eyes only, living for you solely

Itâ€™s for your eyes only, living for you solely
Itâ€™s for your eyes only, living for you solely
