"You can dance underwater and not get wet, oh!"

Shit don't stop

"You can dance underwater and not get wet, oh!"

Shit don't stop

Game rules often slang to the lame fools
Heavy hittin at this motherfucker's straight spittin
Diggin' deep into your brain while tryin to explain
Why real niggas need to stick to the game
It's the same got these motherfuckers changin' on me
Jealous-ass player-haters gaming on me
Look out motherfucker I'm your G
As in gettin' motherfuckers 'fore they come get me
Get down for the right for the wishes
Fake ass nigga, you a trick, for fightin' over bitches
You call that a player hater? Straight sissy
See me at my show nigga miss me
Cause I ain't tryin' to hear that bullshit
Got a pistol motherfucker better pull quick
And just cause I'm rappin don't mean I ain't scrappin
And if you clip when the shit happens, it don't stop

[Y.N.V]

Damn, I guess it's true, them Thug Life niggaz is a pull

Everywhere we go, the niggaz trippin at the door

I want to dance with you

"You can dance underwater and not get wet, oh!"

I can dance underwater and not get wet

[Macadoshis] See the shit don't stop, my nine goes pop

Your body drip-drops, throw that ass in a zip-loc

[Rated R] Now you're getting hauled away in a body bag

Get your Sammy C said how your life got sneezed, me

[Macadoshis] Yo, you fuckin with a thug, yo your ass gets plugged

With this hollow-point slugs with ya under the rug

[Rated R] That's why my def niggaz don't play that shit

And Thug Life niggaz be the craziest

[Macadoshis] So when you think about fuckin this, you better wear a vest

But it really don't matter, we ain't aimin at your chest
[Rated R] Nah, we blowin holes in your motherfuckin
skull

Make sure your ass is smoked, that's all the fat lady
wrote

[Macadoshis] You heard that fat bitch sing when my
shit went bang-bang

But it don't pain when I flaunt your brain

[Rated R] Nigga, ain't no plain cane brothers come no
show

In the casket, gettin they ass kicked and blasted
It don't stop

[Y.N.V]

Damn, I guess it's true, them Thug Life niggaz is a pull
Everywhere we go, the niggaz trippin at the door
I want to dance with you
I can dance underwater and not get wet

[Mopreme] All I wanna do is try to mack the hoes
Spin bank on things, sellin me a sponsor on my foes
It's like each and every one, they got the look of death
I got my nine, nigga, don't be silly, you better watch
your step

[Syke] And pussies we crossin when my crew is flossin
Bitches we tossin, and niggas we crossin
It's like a murder rhyme when we hit your hood
It's all good... the punks, I wish you would

[Mopreme] Wouldn't better to just corrolate what we
bust

Instead of kickin' dust, gets a press y'all from nuts
Cause ain't no herbs here, and ain't no morgues
Beware of the water 'cause they full of sharks

[Syke] But in every state, niggas perpetrate and test
Where I come from, fools die for less
And thugs keep thuggin till their casket drop
It's on til I die, and the shit don't stop

[Y.N.V]

Damn, I guess it's true, them Thug Life niggaz is a pull
Everywhere we go, the niggaz trippin at the door
I want to dance with you
I can dance underwater and not get wet
