of course they deny science and they lie
any admission of evolution
of course they bend your mind and make you wonder
why
if they insist time exists they imply
that evolution's an ongoing process,
then their power's compromised
my friend Zach insists he's not drumming fast
in fact Zach knows it's not even him playing
just his ability to stay out of his own way
of course they cloak themselves in piety and they
outright deny the mystery
of course
Lyndie England's done a little trav'ling broad
Lyndie England's been all she can be
of course
my friend Zach insists he's not drumming fast
in fact Zach knows it's not even him playing
just his ability to stay out of his own way
