We wait, we wait to let it all play out
In parking lots we shout our dreams
But dreams don't yell, they just tell
A tale. we go to make it sale to the

West coast will we find most
Of the things we talk about
Cuz I don't think that I can live without it
So I'll bet a buck and hope we find good luck
Cuz you know that I can't live without it

I never said it would be easy
But I never knew it would be so hard
To make our mark

You know that I've been thinking
Thinking of leaving before it starts
Before it starts

(Chorus)
Let it go
This isn't perfect but it's all I know
If this were easy then I'd never hope
To get it right don't break me down
This isn't war it's life

See me move on break down that's life now
I'm still young but my candles out
Yeah this flame is high I wanna burn tonight

Drive all night as the yellow and white
Reflect the stars so bright I wanna burn tonight

(Chorus)
Let it go
This isn't perfect but it's all I know
If this were easy then I'd never hope
To get it right don't break me down
Don't break me down

Cuz I'm not feeling it
I'm not feeling it

(Chorus)

Let it go

This isn't perfect but it's all I know
If this were easy then I'd never hope
To get it right don't break me down
This isn't war it's life

Let it go

This isn't perfect but it's all I know
If this were easy then I'd never hope (let it go)
To get it right don't break me down (its all I know)
This isn't war it's life

Cuz I'm not feeling it
I'm not feeling it

We were coming so far
And forgot who we are
We never stoke
Never bought
The right of mind
