### "Distance"

The distance is so haunting  
I'm feeling numb and I beg you, don't you leave pretty  
baby  
Don't you leave pretty baby  
Come on, come on the time is up  
Come on, come on the time is up  
Come on, come on the time is up  
Come on, come on the time is up

The distance is so haunting  
Stay with me my baby  
Don't you leave oh I beg you, don't you leave pretty  
baby  
Come on, come on the time is up  
Come on, come on the time is up  
Come on, come on the time is up  
Come on, come on the time is up
