"Inside Of Me"

Visit "[Inside Of Me](#)" on MotoLyrics.com

I see you lying there in my bed
just looking at you make me
go out of my head
I know that it's the last time
god, I wish that I could make you mine
and I'm thinking it's you inside of me
It's you inside of me

I see you lying there in my bed
you kiss my cheek and
you scratch my leg
you might have the softest skin on earth
I want to touch you so take off your shirt
and I'm thinking it's you inside if me
It's you inside of me
It's you inside of me
