

Malakai "Another Sun"

Visit "[Another Sun](#)" on MotoLyrics.com

I tried to write a song for you
With only the words that show the pain

So here's your song
It's got bruises
It's got damaged nerves
Up to the brain

Oh let's remain friends 'til it hurts
You keep the sun and I'll hold the rain

Then when you've gone
The sun will come from another place than you
And shine it's love over me like you did too
But in a different way

You keep the sun and I'll hold the rain
This is your song
It's got bruises
It's got damaged nerves
Up to the brain

Up to the brain, oh let's remain as friends
