You! You must be crazy!  
You've everything you want, but you're getting lazy  
Talking about you!, you're a blackbird  
Take off when you want, but don't you be back bird

'Cos you give me no time  
You give me no play  
Poking around like a needle full of hay  
So many words, yet nothing to say  
It's as if I'm reading backwards

You! you're a user  
Snakes up in your hair, baby you're Medusa  
You! you're a blackbird  
Take off when you want, but don't you be back bird

Cause you give me no time  
You give me no play  
Poking around like a needle full of hay  
So many words yet nothing to say  
It's as if I'm reading backwards
