Let me sing a simple song

In this time we need peace
No need to find difficulties
Let me sing a simple song
And if you know it sing along, it goes...

Vanilla manilla whatever
Camilla giving cilla's cinema cinnamon
Judy Finnegans vinegar umbrella
Bella Emburgerbarstoodbackpack
Full of wolves 1 leeds to sudden deathrayyys
(Ray allen and lord charles)
Weebles mechanno pinochleo laine and Roy Orbisonny
And Cheryl Tweekneecaptin of tunafish and
Chipboredstupidbuggermemyselfand I balls'd uptown
girl
Though it's just a simple song
But if it helps us get along
Will we get along?
