My whole body hurts so bad  
This is a fate I shouldn't have had  
Growing to be dry bones and ashes  
Bleeding red inside from rips and gashes

Red, too dim to see  
Blood forever bleeds  
Fire is burning me  
Pain, make it leave

Red is the end blurring my sight  
Red is the end after defeat in this fight  
Red is the end at the warning alert  
Red is the end coloring my earth

Sickening to see dreams die  
All it takes is to realize  
Stranded in a waterless sea  
Just see the red image of mercy

Red, too dim to see  
Blood forever bleeds  
Fire is burning me  
Pain, make it leave

Red is the end blurring my sight  
Red is the end after defeat in this fight  
Red is the end at the warning alert  
Red is the end coloring my earth

I am now in this world to stay  
To chase my demons away

Red, too dim to see  
Blood forever bleeds  
Fire is burning me  
Pain, make it leave

Red is the end blurring my sight  
Red is the end after defeat in this fight  
Red is the end at the warning alert

Red is the end coloring my earth

Demonic creatures hide in my mind  
A morbid truth one cannot hide  
Please, I'm not ready to go  
Don't take me away from home
