Step inside, love
Let me find you a place where the curse of the day
Will be carried away by the smile on your face
We are together now and forever, come my way

Step inside, love, and stay
Step inside, love, step inside, love
Step inside, love, I want you to stay

You look tired, love
Let me turn down the light, come in out of the cold
Rest your head on my shoulder and love me tonight
I'll always be here if you should need me night and day

Step inside, love, and stay
Step inside, love, step inside, love
Step inside, love, I want you to stay

When you leave me
Say you'll see me again for I know in my heart
We will not be apart and I'll miss you
'Til then we'll be together now and forever, come my way

Step inside, love, and stay
Step inside, love, I want you to step inside, love
You know I do, step inside, love
