Feels like the world's against us today
Karma's flying got a sting in her tail
A new best friend has let me down so badly

Seems like a year and this feels like a hole
Sitting with the sun in the slats on my wall
Bumps in the carpet the threat of despair
IÃ¢â€Œ™ ve swept the whole world under there

My loneliness shines
My loneliness shines out my
My loneliness shines, my heart says so brightly

Out of sight out of mind
Out my mind with no sight
For what matters I dwell on mistakes
In 5 years IÃ¢â€Œ™ ll know what IÃ¢â€Œ™ ve done
But IÃ¢â€Œ™ ll be 5 years too late

Give me a mile and a destination
My favorite place is Falkirk High Station
Metal rails stretch off towards life
And IÃ¢â€Œ™ m just waiting

My loneliness shines
My loneliness shines out my
My loneliness shines, my heart says so brightly
My loneliness shines
My loneliness shines out my
My loneliness shines, my heart says so brightly

I think IÃ¢â€Œ™ ve cracked it, we are what we do
We're made up of actions, there are no rules
DonÃ¢â€Œ™ t stand on heads to get higher
Listen to your angels, spread through life like a fire

I think IÃ¢â€Œ™ ve cracked it, we are what we do
We're made up of actions and there are no rules
DonÃ¢â€Œ™ t stand on heads to get higher
Listen to your angels, spread through life like a fire

My loneliness shines

My loneliness shines out my
My loneliness shines, my heart says so brightly
My loneliness shines
My loneliness shines out my
My loneliness shines, my heart says so brightly

I'm so lucky, got goose bumps again
Listening to the song of a friend
Spill my guts tell you everything
Like how I've got it all but appreciate nothing
