We're all going to die and what if there's nothing
We'll all have to face this alone
There's a when not an if inside everybody
Mortal thoughts like this can make you feel so alone

You're gonna die, you're gonna die, you're gonna die
alone
You're gonna die, you're gonna die, you're gonna die
alone
All alone.

And what if I don't become famous posthumously
Maybe my story's no good
If I can take one possession then it'll have to be my
duvet
When oblivion comes calling it'll be so cold

You're gonna die, you're gonna die, you're gonna die
alone
You're gonna die, you're gonna die, you're gonna die
alone
All alone.

When you can't sleep at night and there's no one to
hold you
Remember I'm going through the same
You've got to laugh into the dark
We're all one in a million
We're alive, we existed, we took part, in the game.

We're gonna die, we're gonna die, we're gonna die
alone
We're gonna die, we're gonna die, we're gonna die
alone
We're gonna die, we're gonna die, we're gonna die
alone
All alone.
