Waiting at the station
Tears filling up my eyes
Sometimes the pain you hide
Burns like a fire inside

Look out my window
Sometimes it's hard to see
The things you want in life
Come and go so easily

She took the last train out of my heart
She took the last train
And now I think I'll make a brand new start
She took the last train out of my heart

Watching the days go by
Thinking 'bout the plans we made
The days turn into years
Funny how they fade away

Sometimes I think of those days
Sometimes I just hide away
Waiting on that 9:20 train

Waiting on a memory

She took the last train out of my heart
She took the last train
And now I think I'll make a brand new start
She took the last train out of my heart

My lady's on the fly
And she's never coming back
My love is like a steam train
Rolling down the tracks yeah, yeah

She took the last train out of my heart
She took the last train
And now I think I'll make a brand new start
She took the last train out of my heart

She took the last train, out of my heart

She took the last train
And now I think I'll make a new start
Last train out of my heart
