Can you take
Can you take it all away?
But I don't think you can handle me that way
So many time you try and take my heart away
Until it breaks
Now I'm wrapped in caution tape
On and on and here we go again

Do you want
Do you want a little taste
Of how it felt when you put my love to waste?
'Cause I'll forget
I'll forget that you exist
And when I'm gone
You're the one that feels like...
On and on, I can't get over
On and on, and here we go

Hey oh!
You think you're special
Hey oh!
'Cause I've got more than you'll ever know
Hey oh!
One day you'll realize
That I'm the best thing that ever happened to you

Take a note
Taken note of what you've done
Of what you said
And everything you wrote

I don't care
Not a care of what you do
I think you'll find that I'm fine without you
On and on, I can't get over
On and on, and here we go

Hey oh!
You think you're special
Hey oh!
'Cause I've got more than you'll ever know
Hey oh!

One day you'll realize
That I'm the best thing that ever happened to you
