

Malevolent Creation "Assassin Squad"

No discrimination of who they slay
This group gets it done, they kill for personal gain
Armed and fearless, packed to the gills
Incentive drives them to rack up the kills
Assassin squad... creeping, assassin squad...seeking
Life threatening discourse
Fuck with the bull you get the horns
Quickly they will retort
And make you wish you had never been born
Play by their rules or meet your maker
Failure to comply simply seals the deal
Dig your own grave
Life threatening discourse
Fuck with the bull you get the horns
Quickly they will resort
Faceless hired killers
