Taking shit far too long, stomped and trodden down  
Sitting back watching this, true calling now found  
Slapping me across the face, hate now takes a stand  
Spitting on my broken life, now I say no more

Born again hard, born again hard  
Born again hard, born again hard  
Born again hard

Knife or gun, target in, killing everyone  
In my way, hack and slay, bloody deed is done  
Crushing lives, dispensing death, destroying all souls  
Taking on everything, swallowing it whole

Born again hard, born again hard  
Born again hard, born again hard

Tasting hate, piling up  
Ticking clock time bomb goes off  
Knuckles white, gripped in fear  
Death comes tonight, I stride near

Tasting hate, piling up  
Ticking clock time bomb goes off

Standing up, snapping necks, now you can't ignore  
Make my stand, mind has snapped, born again hard
