

Malevolent Creation "Captured"

Visit "[Captured](#)" on MotoLyrics.com

Seized by the opposition
Guns aimed to the head
Lead away in shackles
Unknown to what's ahead
Surrounded by the others
Who were caught before
Bodies defiled by torture
The hell they have endured
Forced into labor
Punished if they don't abide
Staring through the wire
To the other side
Captured, contained, tortured
Prisoners of war
Guarded, detained, slaughtered
Prisoners of war
Abused, distraught, defiled
Prisoners of war
Punished, wounded, diseased
Prisoners of war
Slowly put to death
Now driving all insane
Awaiting reinforcements
To grant them their escape
Hope is slowly fading
Brutality inhumane
None can understand
Horrors that have taken place
