Into the breach, all out attack  
Enemies, mounting forces stack  
Barrels blaze, troops will stand or fall  
Fire rains, forces meet and brawl  
First to move, surrender we will not  
Fronts amass, we will never stop

Line of fire, bodies dropping  
Only one wins, all you can be  
Blasting through lines, battling foes  
Locked in combat, into death throws

Into the breach, all out attack  
Enemies, mounting forces stack  
Barrels blaze, troops will stand or fall  
Fire rains, forces meet and brawl  
First to move, surrender we will not  
Fronts amass, we will never stop

Line of fire, bodies dropping  
Only one wins, all you can be  
Blasting through lines, battling foes  
Locked in combat, into death throws

Filling ranks, body bags, battlefields we die  
War unfolds, cruel and cold, enemy is mine  
White hot lead, tearing flesh, lining up my sights  
Battle lines, barrels primed, receiving your last rites

Line of fire, bodies dropping  
Only one wins, all you can be  
Blasting through lines, battling foes  
Locked in combat, into death throws
