Lust, lust, lust
Lust, lust, lust
No fear of touch, in it=B9s sadistic array.
Anticipate the stroke, of equal pain, PAIN!
Bred to please, single goal achieved, dominated
through life.
Ecstatic release, well worth the price, enslaved birth
rite.
Limbs twisting out of their passionate embrace, blood
surging the =
veins, the veins!
Swelling of the flesh, uncontrollable arise.
To suffice the urge, of their calling=B9s entice.
No fear of pain, only excitement of fear
Drained and raw you scream, continue to endure.

Dominated resurgency, no fear of flesh, no fear of
domination.
Restrained limbs mesh!
No fear of pain, only excitement of fear
Drained and raw, continue to endure,
Bonded on tile, collared, alive
Next realm achieved, orgasms cry.
Dominate, dominating, dominated, dominating
dominated resurgency.
Dominate, dominating, dominated, dominating
dominated resurgency.
