Strike!  
Suspicious... of their intentions are raised  
The choices now became clear  
Deterrence... their plans will never evolve  
An onslaught many will soon fear... for years  
Offensive... vicious assaults will befall  
To those that do not agree  
Triumphant... united we will prevail  
Until the goal is achieved... their defeat  
Contended... the methods that are applied  
Considered partial to gain  
Intentions... some say are fueled by hunger  
No one can ever explain... or restrain  
Apprehension... the target rapidly seized  
Forced upon by vicious intent  
Abounding... weapons of warfare are used  
The many lives that are spent... no regrets  
Strike first, strike fast, abolish their threat  
Shackled by loss, pursue their downfall  
Artillery annulled, no chance to requite  
Subversion complete, winner takes all  
Strike first, strike fast, abolish their threat  
Shackled by loss, pursue their downfall  
Artillery annulled, no chance to requite  
Subversion complete, winner takes all
