Frustration, twisted point of view
Suicide, caused by those who follow
Denial to obey the given rules
Anarchy, proven ways to start a war

Taking advantage of the weak
Waiting for time that will not heal
Incoherence consumes your mind
Your dreams and nightmares will become alive

Fall to me endlessly
World in hand, take your land
Lunatic, blood line black
Racist pig, you attack

Frustration...
...start a war

No control, take your soul
Full of sin, you begin
to lose your faith in God

Fall to me...
...you attack

Taking advantage...
...will become alive.
