Assafetida is burning all around  
The reflection of light on the dark plate  
AE' - Ossul - Salion

Silence generates subterrean fields  
In Darkness solitude attracts the light  
The Hexagram is burning!

I call...  
The guardians of the North  
The guardians of the East  
The guardians of the South  
The guardians of the West  
And the guardians of high and low  
This place becomes sacred  
Ancient Gods appear to me!  
Thundering is the fifth Enochian key!  
Fork-like flames ripped the clouds  
The earth moaned  
As bitter as the cawing of dying corvus  
Shrill, frightening noises  
Reaching strident peaks  
Beyond human hearing

Dark Saturnian Chaos  
Corruption that generates light  
Dark Saturnian Chaos  
Nigredo essence - burning frost  
Dark Saturnian Chaos  
Fiery-icy wind of the desert  
Dark Lord of Chaos  
Humid athanor, Ossul is surrounding us  
Dark Saturnian Chaos  
Forced are the dams of the celestial ocean  
Dark Saturnian Chaos  
We receive the gifts from the lord of Death
