Goodbye

Verse 1: I know it's over
And it's so hard
Led me to believe
We'd never be apart
But I gotta walk away
Time for me to dry my eyes
No matter how I feel
Boy it's time to say goodbye

Chorus: Today I realized
That I would not cry
Just to hear your name
Seems to create this pain
You promised me forever
Said we'd stay together
Now that the truth has turned to lies
Babe I gotta say goodbye

Verse 2: Were you conscious of
The promise that you made
Was it just that easy for you
To lie into my face
Now I don't have to stand and cry
I can't believe you really lied
So now I'll dry my eyes
This is goodbye

Chorus

Bridge: I told myself the war took you
And you won't be coming home
It helps me rest my head at night
Helps me live alone
You took away the one true thing
That brought light into my life
Took your lie real far
And you know that wasn't right
And I'll never forget
And I will always cry
Especially today

When I finish this goodbye

Chorus 3x

Verse 1
