Oh stunning woman-queen of my dreams
Caught me red handed-wiped that look off my face
Helter Skelter-with a rabbit punch
Bring me to my knees-and hold me on downs

I wanna be your daddy
Looking over your shoulder
Some say distance is safety

White pleasure powder-drug of the rich
Ride high the body train-and never look back
Blonde plastic ego-the king of no taste
Nobodys lover (at least noone I know)

I wanna be your daddy
Looking over your shoulder
Some say distance is safety
