Verse 1- Outside there is a rain
Beating against my window pane
And it reminds me
Of the tears I've cried
The many times I wondered why
Why I never found a love
A love I want to give to you
I know they say
True love is hard to find
But you'll find it with me
If you'd just be mine

Chorus- Come with me baby
On my journey of the world
I'll be your man
If you'd be my girl
And together
We can make a love never seen
Just me and you
Betta yet
Me and my queen

Verse 2- I'll buy anything you want
Just as long as you don't play me
And baby girl
Please don't front
Baby just don't break my heart
We are meant to be together
And never apart
And if it ain't love you lookin for
Don't lie to me
It'd break my heart more

Chorus

Bridge:
Now you gotta let me know
What's really the deal
Now you know I'm thinkin
Just tell me the deal
Now I won't pressure you
And I'll give you your time

But I really want you
To be my boo

Chorus
