Make This Work

Hook:

Female- Alone in the dark
Torn apart
You left
And broke my heart
Male- Forget the lies
Forget the hurt
What I wanna know
If you and me can make this work

Verse 1 (Female):

How do you like it
Knowing I'm gone
Knowing you're
All alone
I tried
But I failed
The love between us
Just could not prevail

Bridge 1 (Male):

It was the allure
But I swear
I never loved
Never loved like this before
And if you give me the chance
I'll be a man
The man you deserve
That's my word
You are my world
Can't take it no more
Never felt like this before
Before you walk out the door

A million sorries
Can't right your wrongs
Knew not to trust you
All along

We're at a place
Where loves erased
Now I know you and me
Was just a mistake

I need to hold you once more
Before you walk out that door
