Sometimes I wonder how I'd feel
If time should ask to pay the bill
Of every whim
That made me nasty to you

But if you tried to make me see
That all the blame is down on me, boy
I wouldn't be convinced of it too

'Cause I will be devoted 'till the end of time
But I just can't deny what I need

And I need you everyday
To take all possible care
It's our love you have to pet and too feed

I'm giving you my love and my life
And everytime we're caught up in a strife
I'm giving all my best to make you out
So why don't you try, boy, to reach out

Well, I pretend the world is mine
But won't you give me little sign
You mean to help me to feel
Sheltered and proud

So when I'm sure you've got it wrong
Don't take a stand and come along
Though I know I wouldn't pass in a crowd

Just say you'll be devoted 'till the end of time
In spite of any flaw we point out

'Cause I have many faults but I'm not a liar
And all I wanna do is reach out

For a hand to catch me if I fall
Is your hand strong enough to bring me
All the love that I need?
