Down, you always know where to go
To get into trouble but it's always
A double edged sword with you and me

But you never seem to care
?Cause your satisfaction comes from watching
My reaction to you, yeah, you

?Cause every time I rest my head
Down on my bed and you're not there
I wonder if you're somewhere else
With someone new

I'm coming undone all over you
Tied me up and you cut me loose
You ain't nothing but a bad excuse for love
And I can't get enough

Girl, you know how to light it up
When you're walking the wire
The flame's getting higher and higher

?Cause every time I try my best
To get this fever off my chest
You come around and drag me in
Again and again and again

I'm coming undone all over you
Tied me up and you cut me loose
You ain't nothing but a bad excuse for love
And I can't get enough

Girl, look what you've done to me

I'm coming undone all over you
Tied me up and you cut me loose
You ain't nothing but a bad excuse for love

I'm coming undone all over you
Tied me up and you cut me loose
You ain't nothing but a bad excuse for love
And I can't get enough, I'm coming undone, yeah
