Oh, I don't know if I'm ready for this
Am I just wasting time
?Cause I can't get
Past the pictures in my mind

I never knew till I fell into you
And I've always dreamed
Someone like you would rescue me

Oh, it feels so good to me
When you're lying beneath
You make me believe
We were meant to be
And it sure feels good to me
Feels so good to me

I, I could never keep myself out of trouble
Didn't care to stay in line
Now I don't fret
Since you came into my life

I never knew till I fell into you
And I've always dreamed
And now you're here right next to me

Oh, it feels so good to me
When you're lying beneath
You make me believe
We were meant to be
And it sure feels good to me
Feels so good to me

You gave me all you've got
I'll give you all you'll ever need
And all I ask of you is baby
Please don't leave

Oh, it feels so good to me, yeah
Oh, it feels so good to me

Oh, it feels so good to me
When you're lying beneath

You make me believe
We were meant to be
And it sure feels good to me
Feels so good to me

When you're lying beneath
You make me believe
We were meant to be
And it sure feels good to me
Feels so good to me
It sure feels good to me
