Oh I don't know why I did what I did
Was it worse or for better?
Somehow I got caught in a lie that I couldn't deny
I'll regret it forever
Goodbye to all that I've known
I was hard on you like a stone

~*Chorus*~

You started a fire then I made it rain
I never could say that I was sorry
Now I can't take it back it fell through the cracks
Oh I'm so sorry
I oh, oh I, I'm so sorry

You said that it's too late to change your mind
All the tears that you've wasted
No time it's all used up I ran out of luck
From the tail I was chasing
Why

You started a fire then I made it rain
I never could say that I was sorry
Now I can't take it back it fell through the cracks
Oh I'm so sorry
Faith isn't enough to get you
I'm so sorry

I'm always hurting when you're gone
But I'm too proud to say I was wrong
Let every promise that I made fade away

You started a fire then I made it rain
I never could say that I was sorry
Now I can't take it back it fell through the cracks
Oh, You started a fire then I made it rain
I never could say that I was sorry
Now I can't take it back it fell through the cracks
Oh I'm so sorry
Faith isn't enough to get to you
To get me through
Oh I'm so sorry
I'm so sorry

Oh I, oh I, I'm so sorry
