Visit "[Dawn Of The Dead](#)" on MotoLyrics.com

When tomorrow comes, we'll be on of them
And our only purpose is, to kill off those not dead
(pre-chorus)

We are the dead and we're coming for you
We are the dead and we're coming for you
We are the dead and we're coming for you...
Because we are the dead
(chorus)

When there's no more room in hell
Then the dead will walk the earth

And the living won't have a prayer
Cause it's the dawn of the dead

Can't you see what this world's become?
When the dead feast off the living, yeah
And we're about to join the fun
(pre-chorus/chorus)
(Lead: Tripp)
(pre-chorus/chorus)
We are the dead and we're coming for you
