Well I'd rather cut you than the wedding cake  
And your bloody guts on my rented tux  
And I do, I do, I do wanna' kill you  
'Til death do us part, I'll tear us apart

Now I kiss your cold dead lips  
And I dip my chips in the blood that drips  
And I smear the cake right in your face  
Let your God take you to a better place

(pre-chorus)  
Well I loved you to death  
Well I loved you to death  
(chorus)  
Die, die, die,  
Die my bride

And all you ever meant to me  
Was absolutely nothing  
And with this ring now I the wed  
Don't wanna' kiss you bitch, wanna' bash your head  
(pre-chorus/chorus)  
(Lead: Wednesday 13)  
(chorus)
