Well I come from the planet beyod the stars  
Looking for some human body parts  
I'm gonna' pull your body from the grave  
Cause I'm graverobbing U.S.A.

And I'm riding around in my black starship  
Looking for some crypts to kick  
I'm gonna' pull your body from the grave  
Cause I'm graverobbing U.S.A  
(chorus)

And I'm graverobbing U.S.A  
And I'm graverobbing U.S.A  
And I'm digging up the dead today  
Cause I'm graverobbing U.S.A  
(announcer)

Necrophiliac creatures of evil  
Invade the planet Earth  
On a macabre cosmic mission  
To dig up the dead!!!

Back in the summer of '76  
I would dig up bodies to play with  
And my favorite part was the brain  
Cause I'm graverobbing U.S.A

And I wish I may, wish I might  
Find me a cold dead corpse tonight  
I'm gonna' pull your body from the grave  
Cause I'm graverobbing U.S.A  
(chorus)  
(Lead: Tripp)  
(chorus)
