"Right On"

Never mind the right way
Never mind the arrows or the signs
Big waste of time
Riding on a curve ball
Tumble down a landslide at the end
Say I'm wrong again

Ever since you double talked double fisted everybody
taunts you
You've decided unrequited everybody wants you

CHORUS:

Right on the mark
Yeah you are
Right on the mark
Yeah
Right on
But we're not really talking in the real world

Suck it up now swallow
Feel it all tomorrow when the sun
The beautiful sun shines through
Never mind the summer

Seasons go as quickly as they come
Just like cinnamon gum

Gotta up the downer, you wanna close encounter with
the A-list
Color in your history - everybody's listening

REPEAT CHORUS

Think about perfection when they talk about infection
moving downtown
Flash em your credentials when they ask you your
potential for a meltdown
Every since you double talked double fisted everybody
taunts you
You've decided unrequited everybody wants you!

REPEAT CHORUS

Gotta up the downer
Gotta up the downer
