The Doctrinator of the Sexual Arts  
In nomine Ashtaroth, et Azazel, et Nightfall introibo ad  
altare omnipotentis  
Spiritus...

...In a magnificent altar of marble rest in state of katatonia  
a pure virgin,  
Prepared to be deflorated by the master of the sexual  
atrocities, hail  
Priest  
Haagenti !!!  
On the high satanic era, fullmoon, frozen night and a  
mist that get  
Remembrance  
Of Acheron and your Emperor, oh magnificent, bathe the  
virgin with your  
Infernal  
Semen and bring to the earth your carnal procreation  
of Azim

Ave, Azim

Scream and moans of pain, they're like the beauty  
demoniac symphony of  
Anduscias  
That will echoe around immensity, it's the eternal  
perversion that return  
From  
The father of levianic dogma; Vampires, Monsters and  
Witches see a malignant  
Penis covert the Christ's face, the semen of immortality  
(for the look of  
The  
Duegears, for the forest of the night).
