In nomine Ashtaroth, et Azazel, et Nightfall introibo ad
altare omnipotentis spiritum...

...In a magnificent altar of marble rest in state of katatonia
a pure virgin,
Prepared to be deflorated by the master of the sexual
atrocities, hail priest
Haagenti !!!
On the high satanic era, fullmoon, frozen night and a
mist that get remembrance
Of Acheron and your Emperor, oh magnificent, bathe the
virgin with your infernal
Semen and bring to the earth your carnal procreation
of Azim~£

Ave, Azim~£

Scream and moans of pain, they're like the beauty
demoniac symphony of Anduscias
That will echoe around immensity, it's the eternal
perversion that return from
The father of levianic dogma; Vampires, Monsters and
Witches see a malignant
Penis covert the Christ's face, the semen of immortality
(for the look of the
Duegears, for the forest of the night).
