The Doctrinator of the Sexual Arts
In nomine Ashtaroth, et Azazel, et Nightfall introibo ad
altare omnipotentis
spiritum...

...In a magnificent altar of marble rest in state of katatonia
a pure virgin,
prepared to be deflorated by the master of the sexual
atrocities, hail
priest
Haagenti !!!

On the high satanic era, fullmoon, frozen night and a
mist that get
remembrance
of Acheron and your Emperor, oh magnificent, bathe the
virgin with your
infernal
semen and bring to the earth your carnal procreation
of AzimÃƒfÃƒ,Ãƒ

Ave, AzimÃƒfÃƒ,Ãƒ

Scream and moans of pain, they're like the beauty
demoniac symphony of
Anduscias
that will echoe around immensity, it's the eternal
perversion that return
from
the father of levianic dogma; Vampires, Monsters and
Witches see a malignant
penis covert the Christ's face, the semen of immortality
(for the look of
the
Duegears, for the forest of the night).
