In nomine Ashtaroth, et Azazel, et Nightfall introibo ad  
altare omnipotentis spiritum...

...In a magnificent altar of marble rest in state of katatonia  
a pure virgin,  
prepared to be deflorated by the master of the sexual  
atrocities, hail priest  
Haagenti !!!

On the high satanic era, fullmoon, frozen night and a  
mist that get remembrance  
of Acheron and your Emperor, oh magnificent, bathe the  
virgin with your infernal  
semen and bring to the earth your carnal procreation  
of AzimÃ£fÃ£fÃ£,Ã£

Ave, AzimÃ£fÃ£fÃ£,Ã£

Scream and moans of pain, they're like the beauty  
demoniac symphony of Anduscias

that will echoe around immensity, it's the eternal  
perversion that return from  
the father of levianic dogma; Vampires, Monsters and  
Witches see a malignant  
penis covert the Christ's face, the semen of immortality  
(for the look of the  
Duegears, for the forest of the night).
