"I'm a man, I'm a disciple  
Free me of this crucifixion"  
Your words won't bring me mercy,  
You will die and your blood will be my offering  
Showing my tongue, my body is possessed  
Burning the bible and vomiting in you  
Blaspheming god, I am God  
Showing my tongue, my body is contorted  
Burning the bible and vomiting in you  
Your words won't bring me mercy  
You will die and your blood will be my offering  
Fool !!! I want your soul
