Got your hand, on the wheel with my barefeet up on the
dashboard, we're talkin and snackin on gas station
food as the signs
Roll by. can't recall, the last time I laughed this hard
there were tears in my eyes, catchin my breath cause
of what you
Just said I think to myself it don't get better than this

[CHORUS]

So soak it in eat it up close your eyes let the sun kiss
our skin, take in in and drive, love is a highway and
baby we're
On it, here in the moment while you're laughin with me,
don't you just wish we could freeze times like these.

Music on, some old song neither one of us know but we
try to sing along we're makin up the words and it's
turned up loud, top
Of our lungs with the windows down

[CHORUS]

Time goes by as fast as the wheels on the pavement
fly, hey won't you drive,

Cause love is a highway and baby we're on it, here in
the moment while you're laughin with me, don't you
just wish we could
Freeze times like times like these. I love these times
like these
