Xylophones and harmonicas
Who wants to hear?
When I played
Lying on the wall
They wanted my sound to disappear
I'm not good yet
Yes, I agree
But I would'nt get upset
If I'm just trying to be me
My guitar is covered of sand and
I'm sitting on nowhere land
But with the xylophones and a harmonica
I got a fool oh by hand
I've gotta improve my ability
Yes I agree
It would increase the probability of
Being me
It's such a muy loco music
It's such a muy loco sound
It's a caliente chili feeling
So clean the around
And TGI Friday's nachos
What I saltly eat
But with my muy loco machos
I get so sweet
Xylophones and harmonicas
Who wants to hear?
When I played
Lying on the wall
They wanted my sound to disappear
I'm not good yet
Yes, I agree
But I would'nt get upset
If I'm just trying to be me
