"Get Up"

Get stonger, cos we can't take it any longer
(Gotta move a little) faster, gotta work a little harder
Faster, longer, forever
They can say whatever
(Gotta never think) never, our greatest endeavour
Clever, forever
Two is twice as nice as one
Every hit is a home run
So let it all out and get it all out and shout!

CHORUS

You don't have to understand all the things we do
We're living our life the way we like
We don't have to please you too
Get up and go, get up and go, get up and go gotta get
up and go
Get up and go, get up and go, get up and go gotta get
up and go

Break it, you never know when you will make it
(Just don't) fake it, it's a risk we're gonna take it
Make it, do it, better
Those who mind don't matter
(Impossible to) shatter, never getting any flatter
Matter, shatter
Whatever it is we crave
We help each other to be brave
So let it all out and get it all out and shout!

CHORUS

Instrumental

Get up and go, get up and go, get up and go gotta get
up and go
Get up and go, get up and go, get up and go gotta get
up and go

CHORUS

Repeat 'get up and go' until end
