I know there's something in the width of your smile  
I get a notion from the look in your eyes, yeah  
You built a love, but that love falls apart  
Your little piece of heaven turns to dark

Listen to your heart when he's calling for you  
Listen to your heart, there's nothing else you can do  
I don't know where you're going and I don't know  
why  
But listen to your heart before you tell him goodbye

Sometimes you wonder if this fight is worthwhile  
The precious moments are all lost in the tide, yeah  
They're swept away and nothing is what it seems  
A feeling of belonging to your dreams

Listen to your heart when he's calling for you  
Listen to your heart, there's nothing else you can do  
I don't know where you're going and I don't know  
why  
But listen to your heart before you tell him goodbye

And there are voices that want to be heard  
So much to mention but you can't find the words  
They're sent on magic, the beauty that's been  
When love was wilder than the wind

Listen to your heart when he's calling for you  
Listen to your heart, there's nothing else you can do  
I don't know where you're going and I don't know  
why  
But listen to your heart before

Listen to your heart when he's calling for you  
Listen to your heart, there's nothing else you can do  
I don't know where you're going and I don't know  
why  
But listen to your heart before you tell him goodbye

Listen to your heart  
Listen to your heart  
Listen to your heart

Listen to your heart  
Listen to your heart  
Listen to your heart  
Listen to your heart
