First Last Stand
Cigarette says you will
Smoke says you won't
Praying that you do
Knowing that you don't
Feel that same way as I do
Feel about you
Live without you, now
Is it over now?
Now
Is it over now?
Stayed out all night
Solitary pill
Running out of life
Too afraid to kill
Kill those same things
That you do
Dead in your hands
My first last stand is now
And I'm leaving now
Now
I'm going now
Oh, I've been so alone
You find me waiting for you down the hall
Because I miss you now
And I need you
Cigarette says you will
Smoke says you won't
Praying that you do
Knowing that you don't
Feel that same way as I do
Feel about you
Live without you now
And it's over now
