Meditation Mama

(Transcendental woman travels)

Words & Music by John Phillips & Lou Adler

Transcendental mama travels
Feet barely touch the ground
Time don't mean a thing
Except that the world goes around

Meditation woman
Rather walk than ride
Never really quite convinced
She's not supposed to fly

Mojo daddy mystic
Wants both feet on the ground
Meditation mama
Keeps them spinning around
For her sweet love

Completely, good love for me

Up and down the western coast
In and out of bounds
Searching for her eastern ghost
And his magic fountain

Always just a thought behind
Never there beside her
Mojo daddy doesn't mind
He knows he's inside her

Transcendental mama travels
Feet barely touch the ground
You know the world goes around
For her sweet love

Completely, good love for me
