Hey Mr. Devil, got some questions thought I'd ask you today.

You're sniffing round and taking pound for pound my flesh and decay.

And with grasses brown, burning down, bet you're proud.

And I know that you, been feeding the fire,
And I watch as, you, you're driving it higher,
Hey Mr. Devil.

Switchblade out for the counter-attack.

Hey Mr. Devil do you really think you're empire won't fall?

With every blow you strike you're making angels out of us all.

And why are you scorching ground, that you found, terror sounds.

And I know that you, been feeding the fire,
And I watch as, you, you're driving it higher,
Creeping up behind me Mr. Devil.

With your switchblade out and your counter-attack.

Oh, creeping up behind me Mr. Devil.

Oh, With your switchblade out and the counter-attack, I said.

Ow!

Oh, with your switchblade out and your counter-attack,
You're soul's in peril lying flat on it's back, again!

Oh, with your switchblade out and your counter-attack,
You're soul's in peril lying flat on it's back, again!

I'm, trying to put you away.
You've got us on fire,
And yeah, you, been driving it higher,

I said, you, you've got us on fire,
And yeah, you, always a liar, liar, liar, liar!

Can you hear me Mr. Devil?
Are you listening Mr. Devil?
Here we come now Mr. Devil,
Oh, we're coming for you.

Can you hear me Mr. Devil?
Are you listening Mr. Devil?
Here we come now Mr. Devil,
Oh, we're coming for you.
