Been broken,
Been patched up
I've been deceived
And I've been found out

And if it changed from anyone
It had to be from you
And if I change for anyone
This fear had better leave me soon

Oh, are you gonna run away from fire?
Will every little word that's left unspoken
Keep haunting you?
Are you gonna run away from fire?
Is it gonna take one more disaster to get through?

There's truth where
Where I found none
It's just my guide there
Was the wrong one

And if it changed from anyone
It had to be from you
And if I change for anyone
This fear had better leave me soon

Oh, are you gonna run away from fire?
Will every little word that's left unspoken
Keep haunting you?
Are you gonna run away from fire?
Is it gonna take one more disaster to get through?

If it changed from anyone
It had to be from you

Are you gonna run away from fire?
Every little word that's left unspoken
Keep haunting you?
Are you gonna run away from fire?
Is it gonna take one more disaster to get through?
